RESPONSE TO NOTICE OF INCOMPLETE NONPROVISIONAL APPLICATION

MAIL STOP MISSING PARTS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Enclosed for filing please find a copy of the Specification and a newly executed declaration, both in connection with the captioned application. Please charge our Deposit Account No. 12-1095 in the amount of \$130.00 covering the fee set forth in 37 CFR 1.16(e). Also enclosed is a copy of PTO form entitled "NOTICE OF INCOMPLETE NONPROVISIONAL APPLICATION."

Plainly, this submission is being made later than the two-month response period set in the Notice. By way of explanation, the captioned application ("the '214 application") was filed on February 27, 2004, claiming priority under §120 on the basis of U.S. Application no. 09/926,310 ("the '310

Application No.: 10/787,214

Docket No.: RASMUS 3.3-001 CONT

application"). In response to the Notice (and particularly the statement therein that Applicant was not entitled to a filing date of February 27, 2004, and that the filing date would be the date on which the Office received the specification), Applicant filed a Petition in connection with the '310 application and the captioned application. The Petition was filed on July 26, 2004. Since July 24, 2004 -- the two-month statutory response period to the Notice -- fell on a Saturday, Applicant submits that the Petition filed on the next business day, Monday, July 26, 2004, was a timely response to the NOTICE.

The relief requested by Applicant was for the purpose of maintaining pendency between the '310 and the '214 applications. In the Petition, Applicant argued, among other alternative grounds, that the specification of the '214 application was, in fact, present in the transmittal papers filed on February 27, 2004, because it was "incorporated by reference".

Applicant's Petition was dismissed. However, on the basis of the facts presented in the Petition, the Petitions Examiner recommended Applicant to pursue another alternative, namely to submit a petition under Rule 137 (b) to revive the '310 application, and to respond to the Notice in connection with the '214 application by providing a copy of the specification and an explanation for the delay in providing it. The present facts and circumstances indicate that Applicant believed that the Petition served as a timely and complete response to the Notice.

In view of the foregoing, Applicant respectfully requests the Office to grant the '214 application a filing date. In the event that the Office determines that such action cannot be taken and/or that proceedings in connection with the captioned application are terminated, Applicant respectfully requests the Office to consider and act upon this submission as

Application No.: 10/787,214

a Petition under Rule 137 (b) to revive the '214 application on the ground that it was unintentionally abandoned. Applicant authorizes the Director to charge the requisite fee (under Rule 1.17(h)) and any other fees that may be due and owing to Deposit Account No. 12-1095.

If the Examiner has any questions concerning this application, he or she is requested to call Applicant's attorney at (908) 654-5000. If any additional fees are required by the present Communication, the Examiner is hereby authorized to charge them to our Deposit Account No. 12-1095.

Dated: September 27, 2004

Respectfully submitted,
